

- distribution to IPTV, local and national cable TV headends

The NTM Group includes a wide range of media with local morning newspapers, free newspapers, websites, mobile channels, radio channels and other media-related activities. For easy and reliable distribution of NTM TV and studio productions, they selected a total solution from Intinor.

Intinor have worked for many years with the distribution of TV offering central handover to the TV operators. Today Intinor offers local TV as well as commercial channels a very rational and cost effective solution for contribution- and distribution. Thanks to Intinor management system, one can easily monitor and operate the distribution. Using Intinor distribution hub makes it easy for everyone involved.

“Intinor enables us with a turnkey solution for our distribution of TV” says Bo Enell, manager of TV at NTM.
